About the Expo

Astrovision Global FZCO Dubai is delighted to inform you that the **MALAYSIA CONSTRUCTION AND BUILDING MATERIALS EXPO** is scheduled to held from **11-13 Feb, 2026** at **World Trade Centre, Kuala Lumpur, Malaysia**. Construction and Building Materials Expo is Malaysia's most focused construction, ceramic and interior products related exhibition. The Exhibition will witness the participation of all leading stakeholders and key service providers within the construction, building, housing & interior as well as ceramics sectors. The exhibition will be the gateway to the South East Asian Business Community in Malaysia. It is the premier exhibition series in this sector in the South East Asian region.

The international expo provides an immense opportunity to capture the untapped market of the South East Asian Region through Malaysia. The show is organised by the jointly by Astrovision Global FZCO Dubai. It is one of the shows in the umbrella of upcoming shows being organised in the ASEAN region.

The Expo aims to promote the Building & construction and civil infrastructure sector by the way of bringing the stakeholders including manufactures, exporters distributors, importers, traders, contractors, developers & architects, engineers, new entrants closer and help them negotiate new business opportunities and partnerships. The event will certainly help in boosting the activities and trade in the sector and amplifying the infrastructure growth in Malaysia and South East Asia Region.

Market Overview

- ✓ Malaysia's construction market was valued at around USD 35.5 billion in 2023, with projections to reach USD 49.5 billion in 2024 and potentially grow to USD 67.3 billion by 2033 (CAGR \approx 6.6 %) By early 2025, the sector was expanding at approximately 6.1% annually, with forecasts to JPY 70.4 trillion (~USD 50 billion) in 2025 and further expansion through 2029.
- ✓ Quarterly growth trends: construction output jumped 16.6% year-on-year in Q1 2025, though this was slower than Q4 2024's 23.1% spike.
- ✓ Key sub-sectors by share in total construction work (\approx RM102 billion / ~\$32 billion):
 - o Non-residential buildings: ~34.6%
 - o Civil engineering (roads, infrastructure): ~30.6%
 - o Residential buildings: ~29.7%
 - o Specialized trades: ~5.1%
- ✓ In 2023, Malaysia imported approximately US \$65.6 million in prefabricated buildings globally; imports from India were just US \$24,940 (~2 thousand USD in weight ~2.16 tonnes) India's share increased slightly from US \$147,880 in 2019 (~0.15 million USD) to the 2023 figure above, but remains minimal in absolute value.
- ✓ Malaysia imported US \$39.9 million worth of iron & steel articles from India in 2024. Top categories included structural parts (~US \$3.9 m), tubes and profiles (~US \$4.7 m), cast articles (~US \$5.7 m), screws/bolts (~US \$5.9 m)
